Dries Immediately

Will Not Rip or Wrinkle Water Resistant Adhesive

illuminates with backlighting

Sticks Securely in ALL Weather

Durable fabric paper you can remove and reposition

Wind Tested at 500mph

tex2ure® Wallpaper Applications

Tex2ure®

Tex2ure® is a unique adhesive substrate fabric material that can be placed on any (non-porous) flat surface indoors or outdoors.

Benefits and Differences

Tex2ure® will not peel the paint off a primed wall, nor damage wallpaper when placed over it. When removing Tex2ure® 99% of the time there will be absolutely no residue left behind. Tex2ure® can be re-positioned and re-used and withstand all temperature and weather conditions.

tex2ure® Features

- Fine texture delivers high quality images of up to 2540dpi.
- Due to the high strength of the material it is virtually impossible to rip or wrinkle.
- It is opaque so it can be back lit to provide stunning results.
- Incredibly versatile allowing it to be wrapped around corners and posts.
- Tex2ure® is waterproof.
- Dries Immediately.
- Wind tested up to 500mph.
- Prints with a non-glare high resolution finish.
